

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

I believe that a diverse media is one of the most fundamentally important guarantees of liberty in the United States of America. Without the benefit of informed coverage of events from a variety of viewpoints, citizens cannot possibly participate fully in their democracy. Please resist corporate media's attempt to steal away this crucial power from the American Public in the name of profit.
